THE SHRINK FIT UNIT

MADE IN GERMANY

sk
the μ -maker
SCHÜSSLER

1 Induction coil
for quick shrinking

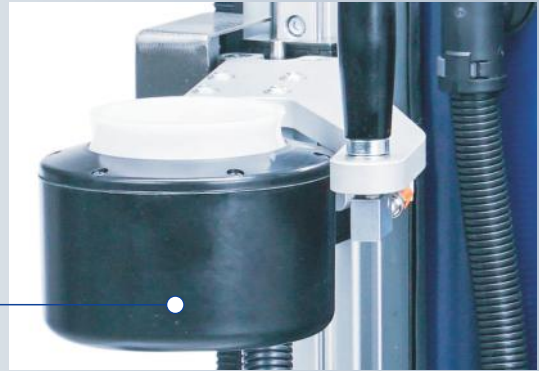

2 Ring nozzle
for air cooling in combination
with contact cooling

3 Cooling elements
flexible mounted

4 Cooling elements
in cooling position on
the shrink fit unit

YOUR ADVANTAGES AT A GLANCE:

- Efficient design irrespective cooling, combined with contact and air cooling. Cooling time: 2 min
- No further cooling accessories necessary
- Stable linear guidance with secure locking
- Convenient moving of the unit due to counterweight
- Modular system for a simple change of components

DELIVERY SCOPE:

- Incl. 1 adapter by choice: HSK-63 / SK 40 or HSK-100 / SK 50
- Gloves

TECHNICAL DATA:

- Article no: SG2132-03
- Dimensions W x D x H (mm): 800 x 700 x 710
- Output: 11 kW
- Power supply: 3x400V + N/16A /50 HZ
- Clamping range (Diameter) 3–32
- For solid carbide + HSS shanks
- Compressed air connection:
quick-connection coupling 7,2 mm
- Weight 102 kg
